I wish I had a photo from his days at Arizona State to post for you.

GO DIRECTLY TO JAIL BONDS! DO NOT PASS GO, DO NOT COLLECT \$200!

And I'm a SF Giants fan.

That is all.

I'm a Dodgers fan so take what I say with a grain of salt... ;) ...My kids and I were watching Rookie of the Year and there is this one scene where the kid is striking out all these big name hitters and one of them was Bonds, while still in a Pirates uniform. The dude was COMPLETELY different! Thin, lithe and limber. You would NOT have known it was Bonds, but for the name on the uniform....Unbelievable!

How about guys like Roger Clemens that have pitched to him that are named in the Mitchell report? The 90s-00s were a mess and Bud Selig has to take responsibility for it.

You may hate Bonds, but talentwise he's the greatest that has ever lived. Too bad he had to screw it up by messing with steroids.
