
March Madness on Demand

Posted by connecticutcougar - 2008/03/20 13:22

I signed up for VIP access for CBS Sports March Madness on Demand to watch games online. However, I might have to stay late at work tonight and won't be able to watch BYU's game live. Does anyone know if you can watch the game online after it is over?

If I can't watch it live then I am planning on watching in online after it is over. Otherwise, I am going to see what strings I can pull to get out of here on time. Any insights would be great!

If I had bought MM on Demand, I would be TiVoing the game even if I was watching it.

How much was the package? All games are in HiDef! Oh, yeeeeaaaaaahhh!!!

10 points in one half! Maybe they'll play out of their minds in the second half finish with 25!

Yeah I noticed that, too. UNLV DOMINATED Kent St in the 1st half. They beat BYU, but I still picked'm over kent st. Hope they win. They look really good.

There is a button labeled FULL GAME which I imagine means you can rewatch the game. There is a button under it labeled highlights.
