And is it part of the basic packages, or do you have to buy one of the sports packs?

It depends on where you live. If you live in Utah, you will get it as a basic channel, if you live somewhere else in the MWC footprint, it should also be a basic channel. Otherwise, it's in the sportspack.

I'm in Oregon and just signed up for the Sports Pack today. The Mtn was listed as an option on channel 616. When I get home, I'll check to see if I got it or if it kicks in as announced tomorrow...
