We better win tomorrow. If we had a close game with Stanford, we should not have any problems dominating D-II team. If we don't, maybe we really do have problems.

PG is the most serious concern now. What do we do? I say, Ainge.

Chaminade is no gimme game. They're playing on their home court. But we should win. PG is definitely our weakest spot. For whatever reason, Coach Cleveland has never had more than a mediocre PG. I can't figure it out. Ainge looks better than Nashif, but both look lost. You can really see how young this team is.

Nah we should have Hall play pg. J/K. I don't know what we can do... but we need to do something.
